COMMON NAME	LOCATION: North/South Woodland	NOTES
Alder	North	Sapling
Alder	South	Small sapling in open ground between NE & SW Woodland
Amphibious Bistort	North	On open ground between WS1 and WN1
Annual Meadow-grass	South	Along woodland edge by path round lake
Ash	North	
Barren Brome	South	Along woodland edge by path round lake
Bramble	North	
Bramble	South	
Broad Buckler-fern	South	
Broad-leaved Helleborine	South	SU98315906
Broad-leaved Willowherb	North	
Broom	North	At edge of open area between NE & SW Woodland
Broom	South	On open ground between WS1 and WN1
Cat's-ear	North	
Cherry Laurel	North	
Cherry Laurel	South	Along E edge of wood
Cleavers	North	At edge of wood by path round lake
Cleavers	South	
Cock's-foot	South	On open ground between WS1 and WN1
Common Bent	North	At edge of wood by path round lake
Common Chickweed	South	
Common Ivy	North	
Common Ivy	South	
Common Nettle	South	
Creeping Bent	North	On open ground between WS1 and WN1
Creeping Bent	South	
Creeping Soft-Grass	South	In open area between NE & SW Woodland
Daisy	South	At edge of wood by path round lake
Dandelion	South	At edge of wood by path round lake
Dog-rose	South	On E side of wood
Dogwood	South	
Dove's-foot Crane's-bill	South	At edge of wood by path round lake
Downy Birch	North	
Downy Birch	South	
False-Brome	North	Small group of tufts
Firethorn	North	Young plant
Firethorn	South	Small plant
Goat Willow	South	
Firethorn	North	Young plant
Firethorn	South	Small plant
Goat Willow	South	
Gorse	North	
Gorse	South	Young plant at edge of wood
Greater Plantain	South	At edge of wood by path round lake
Greater Stitchwort	North	
Greater Stitchwort	South	At edge of open area between NE & SW Woodland
Hawthorn	North	

COMMON NAME	LOCATION: North/South Woodland	NOTES
Hawthorn	South	
Hazel	South	
Hedge Mustard	South	At edge of wood by path round lake
Herb-Robert	North	
Herb-Robert	South	
Holly	North	Small saplings
Holly	South	Saplings
Honeysuckle	South	
Hornbeam	South	SU98305901
Hybrid Bluebell (H. non-scripta x hispanica)	South	SU98345908 Along edges of narrow path, near houses
Hybrid Crack-willow (S. euxina x alba)	North	
Hybrid Crack-willow (S. euxina x alba)	South	
Knotgrass	South	At edge of wood by path round lake
Lungwort	North	Near edge of woodland near houses
Male-fern	North	
Male-fern	South	
Marsh Thistle	South	At edge of wood by path round lake
Meadow Buttercup	South	Along woodland edge by path round lake
Montbretia (C. aurea x pottsii)	North	Small patch near dumped garden rubbish
Narrow Buckler-Fern	South	SU98315902 Few plants at and near this GR
Norway Maple	North	Saplings
Norway Maple	South	Saplings
Pedunculate Oak	North	
Pedunculate Oak	South	
Perennial Rye-grass	South	In open area between NE & SW Woodland
Portugal Laurel	South	
Raspberry	South	SU98315906
Red Dead-nettle	South	At edge of wood by path round lake
Remote Sedge	South	SU98265913 By path
Ribwort Plantain	South	At edge of wood by path round lake
Rough Meadow-grass	North	
Rough Meadow-grass	South	
Rowan	North	
Rowan	North	Saplings
Rowan	South	Saplings
Rusty Willow	North	
Rusty Willow	South	
Scaly Male-fern	South	SU58325906
Scots Pine	North	
Scots Pine	South	Saplings
Silver Birch	North	
Silver Maple	WS1	SU98275904 Planted at edge of wood by path round lake
Small-flowered Crane's-bill	WS1	At edge of wood by path round lake
Smooth Hawk's-beard	WS1	At edge of wood by path round lake
Smooth Sow-thistle	WS1	At edge of wood by path round lake

COMMON NAME	LOCATION: North/South Woodland	NOTES
Soft-rush	WN1	On open ground between WS1 and WN1
Soft-rush	WS1	In open area between NE & SW Woodland
Squirrel Tail Fescue	WS1	Along woodland edge by path round lake
Sweet Chestnut	WN1	Large and small saplings
Sweet Chestnut	WS1	Sapling
Sweet Vernal-grass	WN1	
Sycamore	WN1	Saplings
Three-nerved Sandwort	WS1	SU98265911 Small patch by narrow woodland path
Thyme-leaved Speedwell	WS1	
Upright Hedge-parsley	WS1	SU98345911 Many plants around this GR
Wall Barley	WS1	At edge of wood by path round lake
White Clover	WS1	At edge of wood by path round lake
Wild Onion	WN1	SU98385915 Few clumps under trees at edge of woodland
Wilson's Honeysuckle	WN1	SU98385915 Small plant at edge of woodland
Wood Avens	WN1	
Wood Avens	WS1	
Yarrow	WS1	At edge of wood by path round lake
Yew	WS1	
Yorkshire-fog	WN1	On open ground between WS1 and WN1
TAKEN FROM GEORGE SOUNSOME BOTANICAL SURVEY UPDATE DECEMBER 2020		
TOTAL 84 SPECIES IN BOTH AREAS, 41 SPECIES IN NORTH AREA, 70 SPECIES IN SOUTH AREA
